## **ALS - Automated Licensing System**

- Montana hunting, fishing and other recreational licenses are issued via an automated licensing system (ALS).
- Once you acquire a license through ALS, you will be assigned a lifetime “ALS number”. The ALS number is your birth date plus a random number issued by the automated system. Your ALS number will be printed at the top of your license.
- If you do not have an ALS number, you **MUST** provide your date-of-birth and the last 4 digits of your social security number.
- Montana’s license year is March 1 through the end of February of the following year. Even though you may have a lifetime ALS number, **EACH YEAR** a person must purchase a conservation license to be authorized to purchase any fishing or hunting licenses.

## **Hunter Education Requirement**

- Legislation requires anyone born after January 1, 1985 to provide a copy of his or her Hunter Education Certificate in order to purchase any hunting license in Montana

## **State Lands**

The State Land Recreational Use License is included as part of the Conservation License. Therefore, persons who are licensed to hunt, fish, or trap are not required to obtain a recreational use license for use of legally accessible state trust land for hunting, fishing, and trapping purposes.

## **Hunter/Trapper Education Requirements**

Hunter Education for Firearm and Archery

- If you were born after January 1, 1985, you are required to show proof of completing a Montana hunter safety and education course (or an approved hunter safety course from any other state or province) prior to applying for or purchasing a hunting license, whether the hunting license is for the rifle or archery season.
- Montana law requires members of the armed forces and their dependents stationed in Montana to present a Montana hunter education certificate or similar certificate from any state or province when purchasing any Montana hunting license.
- Duplicates – Montana certificates of completion for the Montana hunter education and/or bowhunter education courses may be obtained from FWP’s website. Wolf Trapper Certification – A person must attend a wolf trapping certification class before setting any trap for a wolf. Completion of either the Idaho or Montana wolf trapping certification class will be recognized as meeting this requirement.

## **What’s New & Reminders**

### ***What’s New Hunting***

- Wolf hunting general season is Sept. 15—March 15, 2014.
- Hunters can purchase up to 5 wolf licenses.
- Once the season begins, a wolf hunting license becomes valid 24 hours after purchase.
- Electronic call can be used for wolf hunting.
- The bag limit is 5 wolves per hunter/trapper in any combination of hunting or trapping.

### ***Reminders***

- Avoid harvesting wolves with radio collars. Collared wolves provide researchers with important information.
- A wolf harvest must be reported within 24 hours.
- Any WMU can close upon a 24-hour notice.
